HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 10—Adjutant General Chapter 5—Missouri [World War II] Veterans' Recognition Program

EMERGENCY AMENDMENT

11 CSR 10-5.010 Missouri [World War II] Veterans' Recognition Program. The division is amending the titles of the rule and chapter and sections (1), (4), (6) and (8).

PURPOSE: This amendment expands the recognition program to include Korean Conflict veterans who were honorably discharged and reside in Missouri. Further, the amendment also alters the World War II Veterans' Recognition Program by extending by one year the application deadline and also expands the application eligibility criteria.

EMERGENCY STATEMENT: This emergency amendment informs Missouri World War II veterans and their spouses that the period for applying for recognition awards has been extended and that the eligibility criteria has been expanded to allow the eldest living survivor to apply for the award. This amendment adds the Korean Conflict veterans, who were honorably discharged and reside in Missouri to make application to the Veteran Recognition program for the Korean

Conflict medallion, medal and a certificate of appreciation. This emergency amendment is necessary because of the compelling governmental interest to honor Missouri's four hundred thirty-five thousand (435,000) World War II and one hundred fifty thousand (150,000) Korean Conflict veterans for their patriotic service to our state and nation. Due to the age of these veterans the earliest effective program start-up date is critical. This law extending the application period leaves little time to notify Missouri's veterans of their award eligibility and implementing an emergency amendment for the program will ensure that Missouri's compelling need to recognize these veterans will be achieved in a timely and comprehensive manner. A proposed amendment, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency amendment complies with the protections extended in the Missouri and United State Constitutions. The Adjutant General believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed July 25, 2003, effective August 21, 2003 and expires February 17, 2004.

EXECUTIVE ORDER 03-15

WHEREAS, a vibrant and growing small business sector is critical to creating jobs in a dynamic economy; and

WHEREAS, small businesses representing a diverse cross-section of the State's economy, population and geography in the areas of manufacturing, tourism, agriculture, technology, construction, finance, transportation, insurance, real estate, retail, services and others have played a vital role in the continuing development of a stable and diverse Missouri economy; and

WHEREAS, when adopting regulations to protect the health, safety, and economic welfare of Missouri citizens, executive agencies should seek to achieve statutory goals as effectively and efficiently as possible without imposing unnecessary burdens on small business employers; and

WHEREAS, uniform regulatory and reporting requirements can impose unnecessary and disproportionately burdensome demands including legal, accounting, and consulting costs upon small businesses with limited resources; and

WHEREAS, the failure to recognize differences in the scale and resources of regulated businesses can adversely affect competition in the marketplace, discourage innovation, restrict improvements to productivity, create entry barriers in many industries, and discourage potential entrepreneurs from introducing beneficial products and processes; and

WHEREAS, alternative regulatory approaches that do not conflict with the stated objective of applicable statutes may be available to minimize the significant economic impact of rules on small businesses.

WHEREAS, the process by which state regulations are developed and adopted should include the ideas and comments of small businesses and to examine the impact of proposed rules; and

WHEREAS, it is important to review new regulations for compatibility with existing requirements affecting small business as well as to review existing rules that regulate small businesses; and

NOW, THEREFORE, I, Bob Holden, Governor of the State of Missouri, by the virtue of the powers vested in me through the constitution and the laws of the state of Missouri, do hereby create and establish the Missouri Small Business Regulatory Fairness Board (hereinafter, the Board). For administrative purposes, the Board shall be assigned to the Missouri Department of Economic Development. By these same powers, I also do hereby direct each department or agency of state government to determine whether each proposed rule will have an economic impact on small businesses, and to take the following steps accordingly:

Section 1. Definitions

As used in this executive order, unless the context clearly indicates otherwise the following terms mean:

(1) "Affected small business" or "affects small business", any requirement imposed upon a small business through a state agency's proposed rule that will cause direct and significant economic burden upon a small business, or is directly related to the formation, operation, or expansion of a small business;

(2) "State Agency", has the same meaning as set forth in section 536.010(5), RSMo;

(3) "Small business", a for-profit enterprise consisting of fewer than fifty (50) full or part-time employees.

Section 2. Small Business Impact Statements

Prior to submitting proposed rules for adoption, amendment, revision, or repeal, the state agency shall determine whether the proposed rules affect small businesses and, if so, the availability and practicability of less restrictive alternatives that could be implemented to achieve the same results of the proposed rule. This requirement shall not apply to emergency rulemaking pursuant to section 536.025, RSMo. This requirement shall be in addition to the fiscal note requirement of sections 536.200 to 536.210.

If the proposed rules affect small businesses, the state agency shall prepare a small business impact statement to be submitted to the Secretary of State and the Joint Committee on Administrative Rules with the proposed rules. A copy of the proposed rules and the small business impact statement shall also be filed with the Board on the same date as they are filed with the Secretary of State. The statement shall provide a reasonable determination of the following:

- (1) The type of small businesses that will be directly affected by, bear the cost of, or directly benefit from the proposed rules;
- (2) A description of the small businesses that will be required to comply with the proposed rules and how they may be adversely affected;
- (3) In dollar amounts, the increase in the level of direct costs, such as fees or administrative penalties, and indirect costs, such as reporting, record keeping, equipment, construction, labor, professional services, revenue loss, or other costs associated with compliance if such costs are capable of determination;
- (4) The probable monetary costs and benefits to the implementing agency and other agencies directly affected, including the estimated total amount the agency expects to collect from any additionally imposed fees and the manner in which the moneys will be used, if such costs are capable of determination;
- (5) The methods the agency considered or used to reduce the impact on small businesses such as consolidation, simplification, differing compliance or reporting requirements, less stringent deadlines, performance rather than design standards, exemption, or any other mitigating techniques;
- (6) How the agency involved small businesses in the development of the proposed rules; and
- (7) A comparison of the proposed rule to any comparable federal, state, or county standards.

Any proposed rule that is required to have a small business impact statement but does not include such a statement shall be invalid and the Secretary of State should not publish the rule. If the state agency determines that its proposed rule does not affect small business, the state agency shall so certify this finding in the transmittal letter to the Secretary of State, stating that it has determined that such proposed rule will not have an economic impact on small businesses.

Section 3. Exceptions to Small Business Impact Statement Requirement

This executive order shall not apply where the rule is being promulgated on an emergency basis, where the rule is federally mandated, or where the rule substantially codifies existing federal or state law. Notwithstanding the provisions of this section, federally mandated regulations are subject to the federal Regulatory Flexibility Act as amended by the Small Business Regulatory and Enforcement Fairness Act of 1996, P.L. 96-354, as amended by P.L. 104-121. Any federally mandated regulations that do not comply with these acts shall be subject to this executive order.

Section 4. Missouri Small Business Regulatory Fairness Board

The Board shall be composed of nine members appointed in the following manner:

- (1) One member who is the chair of the minority business advocacy commission;
- (2) One member appointed by the president pro tempore of the Senate;
- (3) One member appointed by the minority leader of the Senate;
- (4) One member appointed by the speaker of the House of Representatives;
- (5) One member appointed by the minority leader of the House of Representatives; and
- (6) Four members appointed by the Governor, two of whom shall be public members.

Each member of the Board, except for the public members and the chair of the minority business advocacy commission, shall be a current or former owner or officer of a small business. All members of the Board shall represent a variety of small businesses, both rural and urban, and from a variety of geographical areas of this state, provided that no more than two members shall represent the same type of small business.

Members of the Board shall serve a term of three years and may be re-appointed at the conclusion of the term. No member shall serve more than three consecutive terms. Appointments shall be made so that one-third of the membership of the Board shall terminate each year. The governor shall appoint the initial chairperson of the Board and a majority of the Board shall elect subsequent chairpersons. The chairperson shall serve as chair for a term of not more than two years.

Members of the Board shall serve without compensation, but may be reimbursed for reasonable and necessary expenses relating to their performance of duties, according to the rules and regulations of travel issued by the Office of Administration. Members will be required to submit an expense account form in order to obtain reimbursement for expenses incurred.

The Board shall meet as often as necessary, as determined by the chairperson of the Board. All meetings of the Board will be conducted in accordance with the Governmental Bodies and Records Act (Chapter 610, RSMo), including closed sessions. Notice will be posted and will be provided to the Joint Committee on Administrative Rules. Minutes of the meetings shall be provided to all members, the office of the Governor, and the Joint Committee on Administrative Rules.

Section 5. Purpose and Duties of the Board

The purpose of the Board shall be to independently review complaints brought by small businesses concerning state agency regulations that have a disproportionate impact on the conduct of small businesses in the State of Missouri. The Board also shall promote awareness of state agency rulemaking as it affects small business, identify issues in state agency rulemaking that disproportionately and adversely affect small businesses, identify issues for the Governor and the General Assembly to act upon, and monitor state agency compliance with requirements for filing small business impact statements and small business participation statements as required by this Executive Order.

The Board may:

- (1) Provide state agencies with input regarding rules that adversely affect small businesses;
- (2) Consider any request from small business owners for review of any rule adopted by a state agency;
- (3) Conduct hearings and solicit input from small businesses and state agencies regarding any request for review of rules adopted by a state agency; and

- (4) Provide an evaluation report to the Governor and the General Assembly including any recommendations and evaluations of state agencies regarding regulatory fairness for Missouri's small businesses. The report shall include comments from small businesses, state agency responses and a summary of any public testimony on rules brought before the Board for consideration.

In any review or hearing conducted by the Board because of a request or complaint from a small business, the Board shall base any recommendations resulting from its review or hearing on any of the following grounds:

- (1) The rule creates an undue barrier to the formation, operation and expansion of small businesses in a manner that significantly outweighs the rule's benefit to the public; or
- (2) New or significant economic information has created an undue impact on small businesses; or
- (3) Technology, economic conditions or other relevant factors justifying the purpose for the rule has changed or no longer exists; or
- (4) New or significant economic information has created an undue impact on small business; or
- (5) If the rule was adopted after the requirements of this Executive Order became effective, whether the actual effect on small businesses was not reflected in or significantly exceeded the small business impact statement submitted prior to the adoption of the rules;

Section 6. Miscellaneous

Any state agency receiving comments or recommendations from the Board shall promptly consider such comments or recommendations and should file a response with the Board within sixty (60) days of receiving the Board's comments or recommendations. If the state agency determines that no action shall be taken on the Board's comments or recommendations, the agency should explain its reasons for its determination. If the state agency determines that the Board's comments or recommendations merit adoption, amendment or repeal of a rule, the agency should indicate this in its response and thereafter initiate proceedings in accordance with the applicable requirements of Chapter 36, RSMo.

With this executive order, Executive Order 96-18, which created a requirement for state agencies to determine whether or not any proposed rule had an economic impact upon small businesses, is rescinded.

The provisions of this executive order shall become effective upon the date of its issuance set forth below. The provisions of this Executive Order shall continue in effect until superceded or changed by constitutional amendment, by law or by a subsequent Executive Order.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 25th day of August, 2003.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 30—Missouri Board for Architects, Professional Engineers, Professional Land Surveyors, and Landscape Architects Chapter 3—Seals

PROPOSED RULE

4 CSR 30-3.060 Licensee's Seal

PURPOSE: This rule describes the format for personal seal of an architect, a professional engineer, a professional land surveyor, and a landscape architect.

(1) Each person licensed on or after January 1, 2002 as an architect, professional engineer, professional land surveyor or landscape architect (not including interns or individuals "in-training") shall, at his/her own expense, secure a seal one and three-quarters inches (1 3/4") in diameter of the following design: the seal shall consist of two (2) concentric circles between which shall appear in Roman capital letters, the words, "State of Missouri" on the upper part of the seal and either "Architect," or "Professional Engineer," or "Professional Land Surveyor," or "Landscape Architect" as the case may be, on the lower part, and within the inner circle shall appear the name of the licensee, together with his/her license number preceded by the Roman capital letter A for Architect, PE for Professional Engineer, PLS for Professional Land Surveyor or LA for Landscape Architect. The seal of an Architect, a Professional Engineer, or a Professional Land Surveyor licensed prior to January 1, 2001, may display the word "Registered" in lieu of the word "Professional" as described herein.

(2) The seal may be in the form of an embossing seal, a rubber stamp, or a computer-generated image, identical in size, design and content with the provisions of section (1) above.

(3) In addition to the personal seal, the licensee shall also affix his/her signature on or through his/her seal and place the date when the document was originally sealed, under the seal, at the minimum, to the original of each sheet in a set of plans, drawings, specifications, estimates, reports and other documents which were prepared by the licensee or under his/her immediate personal supervision. The term "signature," as used herein shall mean a handwritten identification containing the name of the person who applied it; or for electronic or digital documents shall mean an electronic authentication process attached to or logically associated with the document. The digital signature must be unique to, and under the sole control of the person using it; it must also be capable of verification and be linked to a document in such manner that the digital signature is invalidated if any data on the document is altered.

(A) Documents that are without an electronic signature or authentication process that are transmitted electronically shall have the seal removed and the following inserted in its place: "This media should not be considered a certified document."

(B) When revisions are made, the licensee who made the revisions or under whose immediate personal supervision the revisions were made shall sign, seal and date each sheet and provide an explanation of the revisions.

(C) In lieu of signing, sealing and dating each page, the licensee(s) may sign, seal and date the title page, an index page, or a seals page on bound multiple page documents not considered to be drawings, providing that the signed page clearly identifies all of the other pages comprising the bound volume. Provided further that any of the other pages which were prepared by, or under the immediate personal supervision of another licensee be signed, sealed and dated as provided for, by the other licensee. Any additions, deletions or other revision shall not be made unless signed, sealed and dated by the

licensee who made the revisions or under whose immediate personal supervision the revisions were made.

(4) Plans, specifications, estimates, plats, reports, surveys, and other documents or instruments shall be signed, sealed and dated unless clearly designated preliminary or incomplete. If the plan is not completed, the phrase, "Preliminary, not for construction, recording purposes or implementation" or similar language or phrase shall be placed in an obvious location so that it is readily found, easily read and not obscured by other markings. It shall be a disclaimer and notice to others that the plans are not complete.

(5) In the instance of one (1) licensee performing design for other licensees to incorporate into his/her documents, each licensee shall seal, date and sign those documents, using the appropriate disclaimer for clarification of each licensee's responsibility.

(6) The signing and sealing of plans, specifications, estimates, reports and other documents or instruments not prepared by the licensee or under his/her immediate personal supervision is prohibited.

AUTHORITY: sections 327.041, RSMo Supp. 2002, and 327.411, RSMo 2000 as amended by Senate Bill 478 (2003). Original rule filed July 24, 2003.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule is estimated to cost private entities approximately twenty-four thousand eight hundred thirty-five dollars (\$24,835) annually for the life of the rule. It is anticipated that the total costs will recur annually for the life of the rule, may vary with inflation and are expected to increase annually at the rate projected by the Legislative Oversight Committee. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Missouri Board for Architects, Professional Engineers, Professional Land Surveyors and Landscape Architects, PO Box 184, Jefferson City, MO 65102, by facsimile at (573) 751-8046 or by e-mailing moapels@mail.state.mo.us. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

II. SUMMARY OF FISCAL IMPACT

Estimate the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by type of the business entities which would likely be affected:	Estimated cost of compliance with the rule by affected entities:
47	Applicants (embossing seal @ \$30)	\$1,410.00
937	Applicants (rubber stamp @ \$25)	\$23,425.00
	Estimated Annual Cost of Compliance for the Life of the Rule	\$24,835.00

III. WORKSHEET

See table above.

IV. ASSUMPTION

1. The board estimates that 937 new licensees will be required to purchase a seal annually. The board anticipates that 5% of these individuals will choose to purchase an embossing stamp.
2. Although the licensees will have to purchase a special software for the electronic seal, the board is getting feedback that it would save the licensees time and money if they could use computer generated seals because this would allow them to send documents electronically instead of making paper copies and sending the 2' x 3' drawings in the mail.
3. It is anticipated that the total cost will recur annually for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee

State Board of Barber Examiners	\$7,387.92

Estimated Annual Cost of Compliance for the Life of the Rule**\$7,387.92****I. CALCULATION OF EXPENSE AND EQUIPMENT AND PERSONAL SERVICE COSTS:**

Employee's salaries were calculated using their annual salary multiplied by 40.47% for fringe benefits and then were divided by 2080 hours per year to determine the hourly salary. The cost per hour was then multiplied by the amount of time individual staff spent processing the applications or renewals. The total cost was based on the cost per application multiplied by the estimated number of applications or renewals.

The salary for the Executive Director and Senior Office Support Staff positions are shared with another board. The Clerk IV is supported solely by the State Board of Barber Examiners. The figures below represent the personal service costs supported by the State Board of Barber Examiners. Staff duties include:

The Executive Director will devote 26 hours annually to reviewing applications with discrepancies, signing admittance letters and administering the examination which is held 6 times a year.

The Clerk IV will devote 24 hours a year annually to registering applicants for the examination and administration of the national examination.

The Senior Office Support Staff will be devoted 30 minutes to each application by performing the following duties: Receiving and processing request for application packets, processing applications and the accompanying documentation, updating the division's licensing system; preparing and forwarding the exam scheduling and admittance letter to the licensee, issuing the license upon successful passing examination results.

II. SUMMARY OF FISCAL IMPACT

Estimate the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by type of the business entities which would likely be affected:	Estimated cost of compliance with the rule by affected entities:
30	Applicants - SPEC Examination (\$60 fee decrease)	\$1,800.00

III. WORKSHEET

1. The above figures are based on the number of applications for reciprocity received in 2002. However, the board also receives written requests for individuals wishing to be licensed in another state to be able to take the SPEC test in Missouri due to the chiropractor's location at the time. The board estimates 5 applications will be received annually.
2. The board is currently charging \$240 for in state applications and \$300 for an application by reciprocity. The board is proposing to amend 4 CSR 70-2.090 to set all application fees at \$240 regardless of how a person applies for licensure.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Chiropractic Examiners, Loree Kessler, Executive Director, PO Box 672, Jefferson City, MO 65102 or via e-mail at chiro@mail.state.mo.us. PRIVATE ENTITY FISCAL NOTE**I. RULE NUMBER****Title 4 -Department of Economic Development****Division: 70 - Missouri State Board of Chiropractic Examiners****Chapter 2- General Rules****Proposed Rule - 4 CSR 70-2.060 Professional Conduct Rules**

Prepared March 31, 2003 by the Division of Professional Registration

II. SUMMARY OF FISCAL IMPACT

Estimate the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by type of the business entities which would likely be affected:	Estimated cost of compliance with the rule by affected entities:
1832	Licensees - One Time Rental Setup Fee (\$12)	\$21,984.00
1832	Licensees - Rental of Additional Space (\$372 annually)	\$681,504.00
	Estimated Cost of Compliance During the First Year of Implementation of the Rule	\$703,488.00
		with a continuous annual cost of \$681,504 for the life of the rule

III. WORKSHEET

1. The proposed amendment requires chiropractors to retain medical records 7 years, therefore, all licensed chiropractors will be affected by the proposed amendment. The board assumes that chiropractors keep paper medical records versus electronic medical records. Additional space may be needed for retaining the records. The board anticipates the square footage and cost of retaining records off site is likely comparable to retaining records at an office, therefore, the total current licensee count was used in calculating this fiscal note.
2. Two national storage companies with several locations in Missouri were used to obtain costs estimates. A 5 x 5 climate controlled unit in the St. Louis area ranges from \$25-\$37 per month. Therefore, the board used an average of \$31 per month to calculate this private entities cost. This average is for the St. Louis area.

IV. ASSUMPTION

1. It is anticipated that the total cost will recur annually for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee

1. The Examination Fee, Application Processing Fee, Reactivation Fee, Meridian Therapy/Acupressure/Acupuncture Certification Application Fee, Insurance Consultant Fee and Fingerprinting Fee were never enforced by the board because they were mistakenly doubled in the proposed amendment as published in the May 15, 2000 *Missouri Register*. A fiscal note was not filed at that time because the amendment simply allowed the board to implement a biennial renewal.
2. The figures used above were based on the average number of licensees in FY01 and FY02.

PROPOSED AMENDMENT

9 CSR 30-3.206 SATOP Program Structure. The department is amending section (6) and adding new subsections (9)(D) and (9)(E).

PURPOSE: This amendment is necessary to make the rule consistent with newly signed legislation ensuring that the appropriate supplemental fee is collected. The amendment clarifies basic requirements and structure for Substance Abuse Traffic Offenders Programs including the assessment screening and referral process. The amendment establishes reciprocity criteria essential to the issuance of a SATOP completion certificate.

(6) Assessment Screening Cost. The cost of the assessment screening, along with the [sixty dollar (\$60)] supplemental fee, approved by the department shall be borne by the client and should not be excessively greater than relative costs indicate and shall include the costs for any case coordination functions necessary to—

(B) Coordinate with the courts or probation and parole.

(9) Criteria for Successful Completion of Treatment. When the assessment screening process indicates and if the person is eligible, certified alcohol and drug treatment and rehabilitation programs may also provide services for prior and persistent offenders. In addition, such persons, including first offenders who complete certified rehabilitation programs after being charged or adjudicated for their DWI offense but prior to their offender management unit (OMU) screening process, may substitute participation in these rehabilitation programs under certain conditions. In order to be recognized by SATOP as successfully completing treatment, the offender must have written verification from a certified treatment and rehabilitation program that he or she has—

(B) Substantially achieved personal recovery goals;

(C) Met any other program requirements for successful completion of treatment. Those persons presenting substance dependence with a history of multiple offenses must participate in one hundred sixty (160) hours of services during the treatment episode.

(D) Individuals who complete approved programs at recognized treatment and rehabilitation programs may present documentation of such completion to an OMU. A subsequent SATOP screening is not required, but the OMU must obtain a Missouri driving record to verify there have been no other offenses since the successful completion of a treatment or rehabilitation program. The OMU will complete the Notice of Offender Assignment, Notice of Offender Compliance and SATOP Completion Certificate for those individuals. A supplemental fee must be collected for these individuals.

(E) Individuals who complete approved programs outside of the state of Missouri may submit a SATOP Comparable Program Completion Form to the Department of Mental Health. Upon approval of the program, notification will be provided to the Department of Revenue that the program has met SATOP requirements for license reinstatement.

**FISCAL NOTE
PUBLIC COST****I. RULE NUMBER**

Rule Number and Name:	11 CSR 10-5.010 Missouri Veterans Recognition Programs
Type of Rulemaking:	Proposed Amendment

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
DPS/Office of the Adjutant General	\$1,660,000
(Veterans Commission CI Trust Fund)	
	\$1,660,000 (Total)

III. WORKSHEET

All costs in the fiscal note from Senate Bill 219 are estimates, actual program cost will vary based on the amount of recognition award requests received. Personal Service and Expense & Equipment operating costs projected in this note include salaries, fringe benefits, contract labor, award, mailing costs, public awareness programs and other miscellaneous program operating expense and equipment items.

IV. ASSUMPTIONS

RSMo, 313.835 1(2)f, authorizes monies deposited in the Veterans Commission Capitol Improvement Trust Fund (VCCITF) to be used to support the W.W. II Veterans Recognition Program and the new Korean Conflict Veteran Award Program.

By extending the W.W. II Veteran Recognition Program through July 1, 2004 and making eldest living survivors of deceased veterans eligible to apply for the award, it is assumed that of Missouri's 435,000 W.W. II veterans, 25% or 109,000 will apply. Approximately 40,000 W.W. II awards were issued as of July 1, 2003 making 69,000 awards yet to be issued.

The Missouri Veterans Commission estimates that 150,000 Missourians served in the Korean War and further estimates that 37,500 (25%) Korean Conflict veterans and surviving spouses or eldest living survivors of deceased veterans would apply for the Korean Conflict awards.

The OTAG assumes both temporary state employees and contract labor will be employed to administer the program.

OTAG estimates the cost per award for medal, medallion package including postage to be \$9.67, which is the actual cost of the W.W. II veteran recognition awards. It is projected that the one-time Korean Veteran Recognition Awards program and the W.W. II Veterans Recognition program will be completed by the end of FY 2005 (June 2005) and no further expenses would be incurred from the program.

Title 6—DEPARTMENT OF HIGHER EDUCATION

Division 10—Commissioner of Higher Education

Chapter 6—Establishment of New Institutions and Instructional Sites

ORDER OF RULEMAKING

By the authority vested in the commissioner of Department of Higher Education under sections 178.770 through 178.820, RSMo Supp. 2002, the commissioner amends a rule as follows:

6 CSR 10-6.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2003 (28 MoReg 956–958). No changes have been made to the text of the proposed amendment, however the title of the rule has been changed to reflect the intent of the amendment. Additionally the private fiscal note has been revised and is printed here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS AND EXPLANATION OF CHANGE: No comments were received. After the publication of the proposed amendment, the Department of Higher Education received additional information concerning the costs related to the amendment and the number of areas in the state that may have an interest in the establishment of a new community college. As a consequence, the private entity cost statement will be changed.

6 CSR 10-6.010 Standards for Establishing Community College Districts

REVISED PRIVATE COST: The cost of this amendment to private entities may range from zero to one hundred twenty thousand dollars (\$0–\$120,000) versus the less than five hundred dollars (\$500), which was submitted with the original amendment.

**REVISED FISCAL NOTE
PRIVATE COST**

I. RULE NUMBER

Rule Number and Name:	6 CSR 10-6.010 Standards for Establishing Community College Districts
Type of Rulemaking:	Proposed Amendment

II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by adoption of the proposed rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
0 - 3	Citizen Committee	\$0 - \$120,000

III. WORKSHEET

There are two components of the process required by the Coordinating Board for Higher Education for seeking approval to hold an election on the question of establishing a new public community college that require the expenditure of money to complete. Those components and the estimated cost for each are listed below.

Feasibility Study:	\$22,500
Consultant:	\$12,500
Total Estimated Cost per Study	\$40,000

IV. ASSUMPTIONS

The purpose of the rule is to determine if a local initiative to establish a public community college meets the statutory requirements relating to local need, adequate assessed valuation, and projected enrollment. As a consequence, the estimated costs reflected in this fiscal note are those related to completing a study of the local area's satisfaction of those requirements. Department procedures for that study require a) employment of a mutually agreeable consultant with expertise in community colleges and research methods and b) completion of a feasibility study addressing the issues of need, assessed value and enrollment.

The cost estimates contained in the worksheet above are based on information provided by the citizen group most recently pursuing community college formation, the first in approximately 10 years. Because of the amount of time between studies and the possible variations in local costs associated with these items, actual costs may fluctuate depending on the area of the state in which the study is conducted and the amount of time that elapses between studies. No attempt was made to reflect this variability in the fiscal note.

The decision to pursue the establishment of a new public community college is based solely on local initiative. The rule does not mandate or require any business entity or other nonpublic organization to undertake a study of community college formation or expend the money related to that study. Local citizen groups, formed for the purpose of determining interest in and demonstrating satisfaction of the CBHE guidelines for holding an election, typically undertake these initiatives and seek funding for that purpose from local citizens and businesses.

Based on known local interest at this time, it is assumed there are no more than three areas of the state with an interest in community college formation that meet the revised minimum standards but do not meet the previous standards. Proposed community college districts can potentially include any number and configuration of contiguous public school districts. That fact, coupled with the infrequent nature of these requests (one proposal in the last ten years), makes it impossible to accurately determine if any additional districts will attempt to meet the revised standards for minimum enrollment contained in the amended rule. As a consequence, the summary of fiscal impact contains an estimated range of costs from no new proposals (\$0) to a maximum of three (\$120,000).

As population patterns change and local communities grow or contract in terms of their population, the number of communities that will satisfy the new requirements may change in the long term. No attempt has been made to predict these shifts and it is assumed these costs reflect the total for the life of the rule.

**9 CSR 10-5.220 Privacy Rule of Health Insurance Portability and
Accountability Act of 1996 (HIPAA)**

(3) All providers who determine that they qualify as covered entities must comply with the provisions of the Privacy Rule of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). A covered entity is defined as a healthcare provider who transmits any health information in electronic form in connection with a transaction covered by this subchapter (section 160.103 of 45 CFR part 160), a health plan or a clearinghouse. The effective date of the Privacy Rule is April 14, 2003. IF this provider is a covered entity, THEN HIPAA requires the appropriate policies and procedures be in place to comply with the HIPAA Privacy Rule. HIPAA requires such policies and procedures to include, but not be limited to, the following topics: Notice of Privacy Practices, Amendment of Protected Health Information (PHI), Client Access to PHI, Accounting of Disclosures, Workforce Training, Verification, Authorization for Disclosures of PHI, HIPAA Complaint Process, Marketing (if applicable), Research (if applicable), Audit and Monitoring of

HIPAA compliance, and Business Associates Agreements with those companies providing goods and services which require the disclosure of PHI, etc. Where existing confidentiality protections provided by 42 CFR part 2, related to the release of alcohol and drug abuse records, are greater than HIPAA, then the department anticipates that the provider will consider any such provision of 42 CFR part 2 as the guiding law.
